PacNW is a Player's Club

PacNW is Inclusive and Welcomes All!

For the 2018-19 season and moving forward, PacNW will be featuring a "Respect Campaign" to ensure all members feel welcome.

Statement of Inclusion and Diversity

"At PacNW Soccer Club we are committed to providing a safe and respectful environment to all of our players and staff. We have a diverse organization, and we value each member's uniqueness. As such we accept and encourage club members regardless of their ethnicity, race, gender identity, sexual orientation, age, disability, or religious affiliation. We intend to have collective action as a club to nurture a climate of acceptance and support with regard to our diverse players and staff."

PacNW Style of Play

PacNW Soccer Club is proud of our curriculum and training methodology which focuses on developing each player with a solid foundation of 4 pillars which include:

Technical (skills with the ball)	**Tactical** (positions, field awareness)	**Physical** (strength, coordination agility)	**Psycho-Social** (Personal Development)

OFFENSE: We will teach and encourage players to play possession style of play in our attack, with quick combinations and fast attacking sequences.

DEFENSE: Defensively we will be organized, good 1v1 and understand individual roles for team defending; high pressure, compact and able to shift as a team to deny penetration from our opponents.
