  - a. Another record year with 600 teams - 75 more than 2019. There were both ECNL and National League games, 150 College Coaches, and 15 different locations.
  - b. If anyone still needs to pick up their pins – Stop by the clubhouse and pick them up.
  - c. Feedback from managers:
    1. Some teams never had a field where college coaches attended because they were a long way out – examples include Wilson, Mt. Rainier, etc.
    2. Satellite fields didn't have tents or benches and some of the porta-potties were not well taken care of.
4. Treasurer's Update - Michelle Patton
  - a. Redlist: The redList just went out via email. If you have players on the redlist, they cannot play. The new system will not physically pull them off the roster like last year, however, they are not

eligible to play! Managers – talk to your coaches and they should handle talking to the player and family about being ineligible to play.

- b. Winter Classic Checks: If players worked during WinterClassic, checks will be either handed out to the managers or put in the managers file to be distributed.
- c. Volunteer hours: If you have not completed your volunteer hours for the 2019-2020 soccer year – you will be charged. Michelle P. is working on updating post winter Classic.
